

# Sk8stuff Complete Competition Manager

*Complete Competition Manager (CCM)* is a web-based package designed to help LOCs run figure skating competitions. While many of its features are appropriate to “full” all-level sanctioned competitions, it is currently of greatest interest to LOCs running *USFS Compete With US* learn-to-skate competitions.

The package allows online registration or administrative entry of skaters. When the entry phase is complete it can generate excel files that you can send to your referee to help them develop a schedule (or if you don't have someone to make it for you sk8stuff's operator Don Korte will build draft schedules for your approval).

Once you are close to competition time, the schedule is published on **sk8stuff.com**, and your competition enters the “end phase”, where you get administrative abilities to setup Practice Ice assignments, and to print many flavors of document to support competition-day activities:

- Practice Ice Session Monitor checklists
- Skater Checkin Sheets (lists name, coach, all events, checkbox for music received)
- Nametags for Judges, Coaches, and Volunteers
- Music Labels
- Nicely formatted Event Schedule, and Flight Lists pages for your program booklet
- **For *Compete With US* competitions you can print judge's marks papers, Starting Orders (for wall), Starting Orders (special for announcers), Results, as well as calculate those results from the judge's raw marks.**

You can have the schedule published on the web as well, with good tools for skaters to find their flights by name or flight number, or coach. **For *Compete With US* competitions you can choose to have Starting Orders and / or by-event Results Sheets posted online to help avoid Covid-era crowding at physical event walls.**

## Marks / Results Processing

This is the part of the package that most clubs “want”. This package allows you to perform the results-processing activities traditionally done by appointed USFS Accountants. That means you can print “marks sheets” for your judges, then process their marks after each event and print traditional results papers for posting. Per USFS rules, this is legal **ONLY FOR *Compete With Us*** “approved” competitions, not for any competition which has a USFS Sanction (typically for higher level competitions).

If you use this feature of the package, you will need a computer and a printer at your rink, as well as a good strong Wifi signal wherever you use it.

## Online Registration

This part of the package is optional, and is used by about half the competitions that use CCM. This allows skaters to go to sk8stuff.com and enter their info (all the information that would normally go on your paper entry form) and select their events.

The system **DOES NOT ALLOW FOR CREDIT CARD PAYMENTS** (because the owner of sk8stuff / CCM is also a USFS appointed Judge and Accountant, and handling the money would present potential issues with the USFS Conflict of Interest and Ethics policies). Skaters, once registered, can print a payment coupon that shows their information and the amount they owe, and then they can mail you a check for the amount owed --

but their information is all captured already so you just need to “check off” the receipt of their payment. Some clubs have their own credit card capture abilities and allow the skaters to make payment that way.

If you choose to use traditional paper-only registration, you have tools to administratively enter all skater information. Or, if you choose to use the Entry Eaze platform for registration (there is a cost associated with this), CCM can import information from their “referee report”.

## How to Get It

Use of the system is free, and is available to LOCs running a USFS “approved” *Compete With Us* competition. Contact Don Korte ( [dnkorte@gmail.com](mailto:dnkorte@gmail.com) ) to get setup. Generally, I will need your “Competition Announcement” to get started, as well as an email address and name for the individual(s) who will manage the competition. This is a web-based package that does not require you to install anything on your computer -- you will need login information from me.

This package is created and managed as a private project by Don Korte as a service to skaters and clubs. It is not an official service of the USFS.

## Setup Event Skate Midland 2021

### Setup Event 2 - Excel Preliminary FS

#### Skating Order

↕	Peyton Moreau
↕	Madison Yuschak
↕	Emily Odglen
↕	Ela Wilson

#### Withdrawn Skaters

--

#### Referee

Barry Doren

#### Accountant

-- Select Name --

#### Add Skater

-- Select Name -- [Add](#)

#### Help

To adjust skating order, click on the Cross icon next to the skater's name then drag up or down in the list.

To change info about a skater (such as name, spelling, club, click within that skater's yellow box.

To add a new skater to this event, select the skater name in the "Add Skater" field, then click the [Add] button. To withdraw a skater from the event, click on the Cross icon next to the skater's name then drag the item to the red "Withdrawn" box.

If you make any changes to Judge Assignments, please remember to [Save] changes before leaving this page.

Changes made to skating order are immediately applied and do not require [Save]

After you have set the order for ALL events, you should [Lock Orders] to disable changes (avoid accidentally changing them after you've printed worksheets). You can always [Unlock Orders] if you have to make a change.

#### Judges

## Enter Judge Marks

Skate Midland 2021

Judge: Barry Doren

Save

Enter marks from judge **Barry Doren** in event **2 Excel Preliminary FS**. Enter 2 digits for each mark, with no decimal place (ie "15" for 1.5, "07" for 0.7). Once you enter 2 digits the cursor will automatically advance to the next field. You can hit the "Enter" key to save, or click on the [Save] button (do not use "Enter" to advance from field to field).

Note that the **Total** and **Ordinal** values shown here reflect the values as last saved, and do not change until you save again

	M1	M2	Total	Ordinal
Peyton Moreau	18	18	36	4
Madison Yuschak	24	24	48	1
Emily Odglen	22	22	44	2
Ela Wilson	20	20	40	3

Tip: Type 2 digits for each field (it autoadvances). Use the ENTER key after ALL fields are full; in a moment you'll be able to review the placements based on these marks. Then hit the [Next Judge] button or select a different judge's button. Hit the [Calculate Result] button after reviewing the marks of the final judge

1

Important: You must click the [Save] button to save your changes before clicking links to other pages.

4	Peyton Moreau	4	4	4	2	4	5/4

Judges for this event

- Barry Doren
- Bill Ziegler
- Hedi Allis
- Cierra Franklin
- Harley Martinez

Note: You can click the [Verify - Readback xx] buttons to have the computer orally say all the scores given by each judge. This is a great way to verify that you entered them correctly. At this time, this feature only works properly if you use the **Chrome** browser; it works a once in a while with Internet Explorer, and not at all with Firefox

**Skate Midland 2021**  
 Start Time: 11:19 AM Sat  
 End Time: 11:34 AM  
 Full Ice  
 Warmup: 4.00 min  
 Duration: 1m10s MAX

**13**

Skating order of required elements is optional; elements are not restricted as to the number of times the element is executed or length of glides, number of revolutions, etc unless specified. The skater may use elements from a previous level; a 0.2 deduction will be taken for each element performed from a higher level
